TALKS AT NORMAL ASSEMBLY

Rev. T. H. Wiles Tells Students That No Man Becomes Really Great Without Study.

Rev. T. H. Wiles, pastor of the Baptist church, spoke to the students in assembly this morning. After reading part of the second chapter of the epistle to Timothy, and praying, he spoke on the subject "Living Sculptures." He took as his text the 15th verse, "Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth." He said:

"I am a preacher and I am proud of being one, but I sometimes wish my audience would forget that I am one.

"In this world all must work, in order to achieve anything worth while. No man ever became great without study. The men we call geniuses studied, and in this way became great men. You are studying because you have a hunger for knowledge and a thirst for the things of life.

"I detest a student who has nothing to accomplish, no ideal. When we get out into the world there is work to do. We want to do good for our work is going to stand. The great temple of Solomon was put up without confusion because it was planned. You are going to be in a place where it will be your duty to ignite the sparks in some life. You are going to have the work of your hand grow and develop and you will develop with it."

ARE FOR FARMERS

DAIRY PRODUCT BOYCOTT NOT BLOW AGAINST COUNTRY WOMEN.

Mrs. A. E. Rush of St. Joseph Federation Says That Farmer's Wives Will Gain by Movement.

Mrs. A. E. Rush, president of the St. Joseph Federation of Women's Clubs, said yesterday at a meeting of the housewives that it was not the intention of the federation to strike a blow at the farm women in declaring a boycott on dairy products. Mrs. Rush was referring to the counter boycott recently inaugurated by the women of the Harmony community in Maryville. She sums up the purpose of the boycott in these words:

"It is not the intention of the federation to strike a blow at farmers in declaring a boycott on food products. We wish to strike a blow at the middleman who is making the money out of existing high prices and to bring the producer and consumer closer together. The farmers are not getting the benefit of the high prices for they are selling eggs way below the retail price paid by the consumers in the city. At our meeting tomorrow we want to see many farm wives in attendance and want them to understand the matter fully."

Mrs. E. M. Platt, former president of the women's clubs, said yesterday that the federation wished to co-operate with the farmers in getting a better market price for their produce and take the profit out of the hands of the middleman. "I purchased eggs from several farm wives yesterday and paid 35 cents a dozen for them, 5 cents more than they would have gotten had they taken them to the commission men," said Mrs. Platt.

"I delivered these eggs to other housewives at the same price I paid," Mrs. Platt said, "and they were glad to get them. The movement is not against the farmers, but against such men as the one in New Jersey who purchased 10,000,000 eggs at 19 cents a dozen and said he would hold them until they reach 85 cents a dozen. Another man in Illinois has purchased 72,000,000 eggs at a low price and is holding them until the price gets out of reason. This is the reason the federation boycotted eggs, butter and potatoes, and we intend to push things farther unless the price drops to within reason."

The movement of the women in boycotting eggs, butter and potatoes is for the purpose of bringing these products within reach of the laboring class of people. Many people who can afford these products would pay the prices asked and so keep them out of the reach of many people.

Bandit Directed Efforts of Soldiers by Wire From Bustillos.

Shockley Sells Farm.

WANT LOCAL CLUB

SEC. OF MOTOR ASSOCIATION TO ORGANIZE BRANCH HERE.

ON STATE-WIDE PROGRAM

Maryville Will Be Included Among Active Members of Association, Says E. M. Claypool.

A visit to Maryville to organize a local auxiliary for Nodaway county of the Missouri State Motor and Good Roads association will be made by M. V. Carroll, secretary-treasurer of the organization, and possibly other officers, in the near future. This promise to give the county a part in the state-wide program of the association was made to E. M. Claypool, secretary of the Commercial club, who returned today from a meeting of the association at Sedalia.

Permanent organization, with adoption of constitution and by-laws took place yesterday. C. C. Kelly of Sedalia was made permanent president, and Carroll was chosen as secretary-treasurer. Committees to investigate the price of gasoline, to decide upon a system of cross-state roads upon which to lay special emphasis, and to confer with the Federated Good Roads association of St. Louis were chosen.

The chief object of the association is to obtain legislation that will make it possible for the state to comply with the regulations of the Shackelford road law, which provides that the state shall match every dollar of the federal apportionment for work on the roads. Missouri's share this year is about $187,000.

There were many delegates from cities and counties in which there was no auxiliary organization, and these delegates were allowed full privilege of the floor, although no voting power. An effort will be made to obtain an organization in each county and city in the state.

CAPTURE OF BUCHAREST OVERSHADOWED BY OTHER CHANGES.

EXPECT FRENCH CHANGE

General Joffre Will Possibly Be Relieved of French Army Command—Lloyd George Choosing Cabinet.

Special to The Democrat-Forum.

London, Dec. 7.—Even the capture of Bucharest was overshadowed today by political news from the allied capitals. In addition to the reconstruction of the British government changes are expected in the French and Russian governments.

The session of the chambre des deputies in Paris is nearing an end, and the conclusion of this meeting will probably be followed by a "speeding up process." Just what form this acceleration will take is only guess work, but many believe General Joffre will be succeeded by General Petain, the French commander at Verdun.

Lloyd George, the new prime minister, is picking his new cabinet, and has opened negotiations with the Labor party with a view to securing its support. If co-operation is to be had from this part of the kingdom it will be necessary to include in the cabinet not less than three Labor members.

Mr. and Mrs. Claude Snethen of Golden Valley, N. D., is in Maryville visiting Mrs. Snethen's mother, Mrs. W. H. Collins.

CLUB WOMEN HELP

CITY ORGANIZATIONS PLAN AFFAIR FOR TRADE WEEK.

RECEPTION ON SATURDAY

Have Sent 300 Invitations to Country Club Women for Reception at Rest Rooms.

Nearly every merchant behind the trade week proposition is offering some bargains for dollar days, which are to be held Friday and Saturday as a fitting close to the trade week festival. Consequently it behooves the careful buyer to read the advertisements in The Democrat-Forum and to lay in a supply of merchandise and staple articles for the winter months.

An added feature to trade week and the last of the dollar days is being made possible by the Maryville club women who are co-operating with the merchants to make Saturday a "banner day" in the history of Maryville merchandising.

These women have issued 300 invitations to the country club women for an informal reception and program that will be given at the rest rooms at the court house on Saturday afternoon. At this meeting the club women expect to combine business with pleasure. They want to become acquainted with the members of the country clubs so that when matters of importance come up all of the women of the county may work together.

Talks will be given by the officers of the various clubs, and by the officers of the Council of Clubs, and in addition to these a musical program will be given. The city club women are hoping for a splendid attendance at this function, and think that since so many women will be in to take advantage of dollar day, a large number of the country club women will be present.

Yesterday's trade week sales took a jump yesterday, the total of purchases ranking next to those of the first day of the fare refund. The sales for yesterday totaled $718.61, and the fare refund was $37.56. Fifty-one tickets were given out. One man from Sheridan made a $46.30 purchase. Another from Tarkio spent $41.50. These men were pleased with the treatment accorded them by Maryville merchants, liked the idea of the fare refund.

Remember your fare is paid, no matter how you come. Just ask for a re-

Violent rear actions are taking place northwest of Bucharest, according to dispatches to the Petit Parisien.

Anarchy at Athens.

London, Dec. 7.—The announcement that a condition of affairs almost bordering on anarchy exists in Athens today was taken to indicate that the allied military authorities in Greece contemplate drastic action. Many French and British residents of Athens are leaving the city fearing personal violence, according to a news agency dispatch.

Fighting Again at Verdun.

Berlin, Dec. 7.—Fighting has again broken out on the Verdun front. The Germans captured the summit of hill 304, on the western bank of the Meuse river. German raiders penetrated the French positions on the slope of Deadman's hill.

It Is A Daring—
An Astonishing Test

More than two hundred trained music critics—men who have listened to all that is greatest and best in music have been unable to detect any difference between the re-creation by the New Edison and the original production.

In fact, no talking machine manufacturer has dared to make this remarkable test of comparing the original voice of the singer or player with the machine itself.

It is a daring—an astonishing test, but it is overwhelmingly convincing. It proves that the New Edison is so superior to talking machines that there can be no comparison.

If you haven't heard this wonderful instrument which uses a fine diamond point and unbreakable record—the opportunity is yours merely by coming to our store.

After a summer without hitchracks, during the paving of the public square, Maysville is again putting up the old time convenience. The new racks extend but half way around the square, however, the remainder being reserved for motor cars. The resetting of the hitchracks came only after much debate. The town board, in answer to a petition from a number of the merchants, gained permission from the county court and the work is being done at the town's expense.

M'DANIEL NOW AT WORK

Prepares for His Last Session as Prosecuting Attorney—Expenses of Trial About $6,000.

Oscar D. McDaniel, who was cleared by a jury Tuesday night of the charge of murdering his wife, Harriet Moss McDaniel, was in his office yesterday morning taking up his work as prosecuting attorney, which he had to abandon temporarily during the two or more weeks of his trial.

McDaniel, with the aid of his assistants, C. A. Porter and DuVal Smith, was busy arranging a docket for the criminal court next week, which will virtually end his work as prosecuting attorney, as his term will expire on the last of this month.

One of the cases will be for murder, that of William Newell, charged with the murder of Aaron Goldberg, an aged man, in a pawnshop in December of last year, when Goldberg was beaten to death, having had his skull crushed with the butt of a revolver.

Although the expenses of the McDaniel trial have not been figured, it is estimated that they will be about $6,000. Much of this will be for the services of the jury.

Steerage Tickets Purchased by Increasingly Larger Number of Immigrants.

New York, Dec. 7.—About 1,200,000 persons in the United States have bought steerage tickets to return to Europe at the close of the war, according to a story published here. The remigration in a normal year is only 400,000. Resident agents of foreign governments, ticket agents and officials of private "wildcat" banks are charged with painting seductive tales of what marvels a man with a bit of money will be able to do in war-ridden countries when peace comes.

He is a good citizen as well as a good farmer and his friends are hoping he will not leave this vicinity.—Hopkins Journal.

An impressive ceremony was held recently at Gallatin upon the presentation to the city schools of a 50-foot steel flag pole and a regulation bunting United States flag by the Daughters of the American Revolution. The thirty-one women who make up the membership of the Gallatin chapter have been working for two years to secure the funds required for the erection of this flag pole.

A late decision in the Livingston county circuit court by Judge Arch B. Davis holds that there is no constitutional law in Missouri authorizing the attachment to an insurance policy of a co-insurance clause. The decision was in the suit of M. V. The effect of this decision is to hold the Co-insurance Act of 1915 unconstitutional.

Extensive drillings for oil and gas are being started in Sullivan and Putnam counties, between Osgood and Powersville, says the Newtown Chronicle.

Each of the Protestant churches of Liberty now owns a good home for its pastor, the last one having been purchased recently. These four parsonages are known as the Mary E. Dorsey parsonages in honor of the donor who was a resident of Liberty for many years. She died in 1908, leaving $6,651.34 to each of the four churches for the purpose already stated.

Livingston county will have a special election on December 18 to elect a judge of the county court, R. E. Snodgrass, Republican, and Wm. McCarthy, Democrat, having received the same number of votes for this office at the election November 7. They received 925 votes each.

While driving home from Altamont the other night Cash Brown discovered that his clothes were on fire and he began shedding the dangerous garments as swiftly as possible. Overcoat, coat, vest and trousers were removed none too soon, says the Altamont Times, as all were shortly consumed by the flames, as was also a horse blanket on which Brown had been sitting. The flames originated from a pipe in his coat pocket.

Putnam county's last pensioner from the War of 1812, Mrs. Olive Dickson, died last week, aged 79 years. She was the widow of Nicholas Dickson, a veteran of the War of 1812, who died 45 years ago.

A Grant City man had a flock of guineas which disturbed the quiet of his home. This far-sighted Republican, J. L. Tilton, made a wager with Ed Kelso, Democratic presidential elector, also of Grant City, that these birds should be sacrificed for a guinea dinner for Mr. Kelso in the event of Wilson's election, and that in case of a Republican victory, Kelso should buy the guineas, and all should feast on them at his expense. The Worth County Times tells of a jolly guinea supper at the Lynch Hotel, at which Tilton paid the bet. He's rid of the guineas, anyway—he made sure of that in the terms of the wager.

This is a warning to women folks. If a strange man calls at your home, displays a badge, assumes to be a government inspector and asks to see your paper money, shut the door in his face. In various parts of the country he has assumed to be a government inspector seeking counterfeit bills. He always picks out several bills, declares they are counterfeit, pockets them and presents the housewife with a redemption certificate supposed to be good at her bank. But the certificate is only a worthless scrap of paper.—Weston Chronicle.

FILE CAMPAIGN COSTS TOO

Governor-Elect Gardner Spent $2,863.25—Roach Was Out $3,568.06—Expenses of Other Candidates.

Special to The Democrat-Forum.

Jefferson City, Mo., Dec. 5.—Financial statements, required by the state corrupt practices act to be filed by all candidates for office, indicate that it costs less to win a nomination in Missouri than to lose one.

Gov.-elect Gardner, in a sworn statement on file in the secretary of state's office, places the total expenses of his primary campaign at $2,863.25.

Cornelius Roach, defeated for the Democratic nomination for governor, places his expenses at $3,568.06. John E. Swanger, defeated for the Republican nomination for governor, spent $3,654.37.

Neither John M. Atkinson, William R. Painter, John T. Barker, James A. Houchin nor Arthur N. Lindsay, defeated for the Democratic nomination for governor, has filed a statement, nor has Judge Henry Lamm, Republican nominee.

Gov.-elect Gardner says in his statement that in the general election he expended no money except $1,000, which he contributed to the Democratic state committee.

Gardner's statement shows the following expenditures: Democratic state committee, $1,000; filing fee, $100; stationery, $63; multigraph letters, $400; postage stamps, $1,011; stenographers, $395; printing, $574.65; engraving, $161.70; advertising, $67. Total, $3,863.25.

Scdalia, Mo., Dec. 5.—Judge Henry Lamm, Republican candidate for governor, expended in the primary and election campaign $1,165.55. The Pettis county Republican central committee's expenditure was not $1,271.90.

RHEUMATISM AFTER HIS DAY'S OUTING

Hunting Trip On a Wet Day Brings Painful Results.

Once upon a time Charles Mullen of Philadelphia went gunning. It was a dismal rainy day, and long exposure to cold and wet brought on a severe attack of rheumatism. He was confined to his home.

A friend recommended Sloan's Liniment, citing his own case as evidence of its effectiveness. Mullen bought a bottle and applied it to his aching limbs. Soon improvement was noticed and he was able to return to business.

Mr. Mullen writes: "Since that experience I have never been without Sloan's Liniment in the medicine chest." You will find it soothes bruises, sprains, neuralgia, in fact all external pains. At all druggists, 25c, 50c and $1.00 a bottle.

SERVICES TOMORROW

CATHOLICS CELEBRATE FEAST OF IMMACULATE CONCEPTION.

Frescoing at St. Patrick's Delayed Until After Holidays. New Set of Stations Donated.

Tomorrow the Catholics of Maryville will celebrate the feast of the Immaculate Conception. Services will be held at both Catholic Churches.

At St. Patrick's Church masses will be said at 7:30 and 10 o'clock. After 10 o'clock mass the formal opening of the Forty Hours' Devotion will be held. This service will continue until Sunday evening. Evening services will be held at 7:30 tomorrow, Saturday and Sunday evenings.

At St. Mary's church masses will be said at 7 and 9:30 o'clock with evening services at 7:30 o'clock.

The frescoing which was to have been completed for Christmas at St. Patrick's church has been delayed on account of the illness of the artist, Mr. Syberkrop. The work will be taken up immediately after the Christmas holidays, however, and finished as quickly as possible.

One of the parishioners of the churches recently donated a $350 set of Stations of the Cross. These stations are Gothic in style, the figures being in relief. They were brought to the church door with absolutely no expense to the parish. They have been placed on the walls temporarily, and will be hung with the proper services when the church has been frescoed.

TO DESTROY OLD PAPERS.

Court Orders Documents of More Than Five Years Filing Burned.

The county court is in session today doing the routine work of the month. This morning they ordered all books and papers that had been filed for five years or more to be destroyed. These include assessment papers, poll books, dramshop petitions and all such documents that are considered useless after a certain period of time.

The court also ordered the county engineer to fix the road near Hopkins, which they went to inspeca yesterday.

Will Call Farm „Nod-Co-Mo."

Dr. and Mrs. Vilas Martin have chosen a unique name for their farm, east of Maryville, and will have it registered under this name at once. They are going to call it "Nod-Co-Mo," pronounced as one word and standing for Nodaway county, Missouri.

Fred A. Breit of Parnell, Lon Monks and Mr. and Mrs. William Davis of Burlington Junction and John Adams of Dawsonville were among the out-of-tonw visitors today.

The hilltop looks good to us, but we're closer to the thunder up there, an' ef we can't stand steady on our feet it's mighty apt to shake us down."—Atlanta Constitution.

Retreading Old Tires

In all tire repair work re-treading is perhaps the most tedious and in a great many cases is likely to prove most expensive and disastrous to the auto owner if inexperienced workmen are employed. It can only be successfully and economically done in a place where there is proper machinery and experience. We have the only re-treading machine in Northwest Missouri and have 20 years experience behind it. We do not sew or paste them on, but put on new rubber and fabric and vulcanize them, the same as your new tire is made. A tire carcass MUST BE GOOD or we will not work on it. They are guaranteed.

We also repair blow-outs, rim cuts, hot water bottles, rubber shoes and boots — anything of rubber we guarantee.

SELLS CATTLE AT LAST

Joe Holker Disposes of Load of 2-Year-Olds at 11c a Pound on the Chicago Market.

Joe Holker, after being held up just a week at Galesburg on account of a quarantine finally reached Chicago with his load of white face 2-year-olds, and got 11c a pound for them Monday, the market being 35c lower the day he was there. These are the cattle he refused to sell on the St. Joe market some two months ago at 10c per pound, shipping them on to Kansas City, where he was offered no more for them and shipped them back to Hopkins, where they were fed until ready to go to Chicago. They made a fine gain, weighing over 1,300 after reaching Chicago, and Joe figures that he made money by holding them, the 21 head lacking less than fifty dollars of bringing three thousand dollars, or $150 per head. While he had to pay $1.10 a bushel for corn in Galesburg and $1.50 a hundred for hay, the gain made by the cattle during the week more than played him even, the shrink being practically nothing on the load, so he is not growling any over his week's "hold up." Joe is a good feeder and if he can't get out of a tight place when it becomes necessary, there is no use for any one else trying to.—Hopkins Journal.

CURE FOR INSOMNIA.

Austrian Physician Says It Is Merely a Case of Stretching.

Vienna.—A well known Austrian physician, Dr. Ebstein, claims the discovery of a physical exercise that will cure insomnia. As explained in the Physical and Diet Therapeutics Journal the cure consists of the simple process of grasping with both hands the head board or rail of the bed and of straining upward until the arm and shoulder muscles are fatigued.

Sleeplessness in most cases is caused by irregular blood circulation in the brain, Dr. Ebstein explains. This comes to pass because of the slight difference in altitude between the head and the heart when one is lying down. By raising the arms and straining upward the physician claims the flow of the blood to the head is increased, while at the same time a certain degree of fatigue aids in getting to sleep.

CUPID IN A KEG OF POWDER.

English Girl Making Munitions Writes New Jersey Worker.

Kenvil, N. J.—Harry Huberman, an employee at the Hercules Powder works here, recently inscribed his name and address on the face of an old broken watch and dropped it into a keg of smokeless powder which was to be shipped to England.

This little incident may mean a wife for Huberman, who received a letter the other day from a young English woman working in a munition factory at Newcastle-on-Tyne and inviting Huberman to correspond, which he has done.

The letter was from Miss Jean Bumpton of 55 Hunter's road, Spittal Tongues, Newcastle. The timepiece, it is believed, was discovered by Miss Bumpton as she was filling shell cases with the explosive.

POLITICS CHEAP IN KANSAS.

Seventeen Candidates Didn't Spend a Cent For Office.

Topeka, Kan.—Seventeen candidates for state office and the state legislature went through the recent state wide primary without spending a cent. That was the record shown in the sworn statements of campaign expenses as filed with J. T. Botkin, secretary of state.

Nine other candidates spent a dollar or less in making their campaign, while seven candidates won nominations on expenses of less than 50 cents, three spent a dime or less, and two won nominations for the price of a two cent postage stamp, according to the statements. All candidates were within the 10 per cent limit allowed by law.

BROILED LIZARD AS FOOD.

Claim Made by Native Epicures of Nicaragua Backed by U. S. Marines.

Managua, Nicaragua.—Perhaps broiled lizard will never find its way to the menu cards of fashionable New York restaurants but the United States marines attached to the American legation here have found fried or broiled iguana steaks served with a pasty sauce made from alligator pears to be everything claimed by the native epicures.

The iguana, or giant lizard has been used for food by the natives for many years, and iguana steak finds much favor with them because of its gamey taste. The iguana is herbivorous.

ROOT CROPS FOR LIVE STOCK

Big Tonnage Secured From Beets and Mangels—Plants Draw Especially Heavy on Phosphorus.

Sugar beets and mangels grown for stock will produce big tonnages. Mangels like a rather cool climate and sugar beets are grown successfully in about the same general latitude that grapes are produced easily and somewhat north of that belt, says a writer in Farm and Home.

Put your root crops in a good fertile soil, plowed deep and well tilled, if you expect a heavy tonnage. Work up a good seedbed and if the land is not already very rich put on some well rotted manure after plowing. Root crops draw especially heavy on phosphorus.

Plant the beets in drills with the rows far enough apart that cultivation is not difficult. Put the rows 20 to 30 inches apart. Plant about corn-planting time. You will have to hoe and thin them by hand.

MAY GET COLLEGE

CHILLICOTHE HAS GOOD CHANCE TO SECURE MO. WESLEYAN.

MUST RAISE $100,000

Dr. Burris Tells Chamber of Commerce of Needs of College at Special Meeting Tuesday Evening.

Dr. W. F. Burris of Maryville and Rev. J. R. Harper of Chillicothe, both of whom are members of the board of trustees of the Missouri Wesleyan college, located at Cameron, were present at the meeting of the Chillicothe chamber of commerce Tuesday evening, to talk over the question of locating the Wesleyan school in Chillicothe.

The school was first instituted and located at Cameron, Mo. They have about twenty acres in campus and grounds, also improvements consisting of the college building proper, which burned November 7, also two dormitories. Dr. Burris, who has been a member of the board of trustees for twenty years, gave an excellent and most interesting review of the work of the college, and the great possibilities that are in store for the development of their school.

It is backed by the north Missouri conference of the M. E. church with a constituency of something like 35,000 people, whose influence is back of the school. It has an interest drawing endowment of $150,000. There was $40,000 insurance on the building which was burned, which was promptly paid. It is estimated that a new building and equipment complete would cost about $130,000, and they would need in the neighborhood of 20 acres of ground for a campus and other purposes in connection with the college work. The school, while maintained and operated by the Methodist people, Dr. Burris stated that people of all religious phases attended the school and no effort was made to influence the student body away from their religious preference.

Many approving talks were made by members of the chamber of commerce giving the proposition of securing the school for Chillicothe their hearty approval. In fact they were enthusiastic about it and many expressed themselves as wanting to subscribe to a fund that would reach $100,000, and they felt that the $100,000 could be easily raised as an inducement to secure this splendid institution.

Rev. Harper and Dr. Burris, both realize the exceptional advantages of Chillicothe as a college location, for the reason that it is not a big city, yet it is a thriving, live, up-to-date, progressive little city, with splendid railroad facilities and other environments that make it the ideal location for their school, and another recommendation is the fact that it is centrally located in the conference district. The trustees will meet soon, when the local committee will learn just what is required to secure the school, and they freely predict that Chillicothe will stand an excellent show of getting the school.—Chillicothe Constitution.

MACON PAPER FAILS

Subscription Contest and High Cost of Print Paper Responsible for Failure of Times-Democrat.

Macon, Mo., Dec. 6.—Charles W. Shelton of Macon has been appointed receiver for the Macon Times-Democrat, the oldest paper in the county. The Irvin Paper company of Quincy, Ill., and the Home Coal company of Macon are among the creditors.

C. N. Tolman, manager of the paper, said the assets were more than sufficient to meet liabilities, but that "the paper had not been making any money on account of conditions, especially that left by a contest, as more than three thousand subscribers paid in advance, and the ever increasing cost of white paper made the fulfillment of these contracts an expense which the receipts were inadequate to meet."

The paper will be continued under the direction of the receiver.

DENIES QUARREL

JONES SAYS THAT HE AND JOE MOORE HAD NO TROUBLE.

WAS CROSS EXAMINED

Outlines Life, Business Career and Legislative Experiences in Preliminary Testimony.

Special to The Democrat-Forum.

Red Oak, Ia., Dec. 7.—Former State Senator F. F. Jones resumed the stand yesterday in his suit against J. N. Wilkerson for $60,000 for alleged slander. Jones' direct testimony was finished late Tuesday and the entire morning session was devoted to cross-examination, which failed to bring out any important testimony.

The witness denied that competition in the implement business led to a personal quarrel between himself and Joe Moore, one of the victims of the ax murder. "Joe and I never had a word of trouble," he said.

When he went on the stand yesterday morning Mr. Jones spent the time until noon in preliminary testimony outlining his life, business career and legislative experiences.

He has been in Villisca thirty-six years, and in Iowa since 1875. He is just past 61 years of age; has a daughter, Miss Letha, teaching in Florida, and a son, Albert V.; was born in New York; first work in Iowa was breaking prairie sod. He taught school and farmed until 1882, when he came to Villisca as a bookkeeper in the hardware store of Bains & Waterman. This partnership was dissolved in a year and he stayed with Baines for six years. Later he went into business with J. L. Smith in the hardware business.

Senator Jones—for such he will be until January 1—has managed his bank for sixteen years. He was cashier of the old Farmers bank for ten years and helped to organize it into a national bank and was cashier of the Villisca National bank until 1912, when he was elected president.

He has been affiliated with the Methodist church for forty years, and a member of the board of trustees nearly that long; has been superintendent of the Sunday school for twenty-five years.

He was made a member of the state board of education a year ago last spring by Governor Clarke, and is still on that body. He was a member of the state house of representatives for three terms and of the senate for two. While in the house he held the chairmanship of the committee on penitentiaries and pardons, and that of appropriations.

A MARYVILLE INTERVIEW.

Mrs. Snyder Tells Her Experience.

The following brief account of an interview with a Maryville woman over three years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. R. Snyder, 1008 East Third street, Maryville, says: "My kidneys bothered me for some time. I had pain across my kidneys. I felt tired all the time and couldn't rest well at night. Doan's Kidney Pills gave me great relief, the pain from my kidneys leaving. The feeling of languor disappeared and my health improved." (Statement given October 2, 1912.)

On June 12, 1916, Mrs. Snyder said: "It hasn't been necessary for me to use a kidney medicine for about two years now, so I know Doan's Kidney Pills have given me permanent benefit. I gladly endorse this medicine again, for my opinion of it has never lessened."
